

This document is a comprehensive multilingual user manual for the MOCES smart vibration sensor. It is organized into a grid of 72 pages, each representing a different language. The languages included are: English, German, Spanish, French, Italian, Portuguese, Polish, Russian, and Chinese.

The manual covers the following key areas:

- Product Specifications:** Model ZSS-2-VBR, Frequency range 2-4000 Hz, and other technical details.
- Installation:** Step-by-step instructions for mounting the sensor using a 3M adhesive tape or screws.
- App Usage:** Instructions for downloading the MOCES App from the App Store or Google Play and connecting the device.
- Warranty:** A 24-month warranty with details on how to claim it.
- Recycling Information:** Instructions on how to properly dispose of the device and its components.
- Declaration of Conformity:** A statement of compliance with EU standards (CE mark).
- Maintenance:** Information on battery replacement and device care.
- Technical Diagrams:** Detailed views of the sensor showing the indicator, reset button, and adhesive tape.

The manual is available in the following languages: English, German, Spanish, French, Italian, Portuguese, Polish, Russian, and Chinese.
